

Storm Recovery Wish List

Most of our lecture, program, camping, and events materials were lost in the devastating Christmas Storm. Developing this inventory took many years, but we hope, with your help, to quickly replace these valuable materials. With scheduled lectures, youth vacation week programs, and the Snow Row racing toward us, our need is urgent. You can help us by donating specific items or by making a contribution to the museum so that we can purchase replacements. As you have so bountifully supported us in the past, we thank you once again for your unfailing generosity.
