

# HULL LIFESAVING MUSEUM

SAVING LIVES THEN. CHANGING LIVES NOW.

## **Geology Tour: How Hull Geology impacted history, from the early native peoples to present day**

Date: Saturday, October 24, 2010

Time: 10 am – 12 noon

Fee: \$15 per person

The land masses and waterways of Boston Harbor and the Hull peninsula shaped the use of the land from early hunting, fishing and farming to harbor defenses, summer vacation oasis and more. Please join Sean Baggett for this fascinating look at Hull, like you may never have looked at it before.

**Meeting Location:** Corner of Spring Street and Nantasket Avenue in the grass lot next to the Methodist Church

**What to Bring:** Check the weather and dress appropriately and wear walking shoes. Bring a camera and binoculars if you have them (we will bring a pair of binoculars to share).

**Special Note:** Immediately after the walking tour (12:30 pm), the Hull Lifesaving Museum will hold its annual meeting outside the museum. Attendance at this brief meeting is free and will provide those attending the opportunity to meet the HLM Board of Directors and staff. There will also be a brief update of where the museum heading. The museum and gift shop will also be open.

**Rain Date:** In case of poor weather, the walking tour will be held the following day at the same time.
